# TRACK/FIELD CLASH GUIDELINES

If a student is competing in two events which are close together on the program, they should marshal for both events, either in person or by a proxy.

Where a competitor fails to marshal prior to the commencement of any field event, they will not be disqualified from that event but will forfeit any practice throws/jumps. They will be allowed as many (up to three) official throws/jumps that they can complete until the next event opens.

When a competitor has marshalled prior to an event but is unable to be at the commencement of the event because of a clash, they will be permitted to have one practice throw/jump and then have a full quota of jumps/throws. This is on the condition that they return to the field event immediately after their clash event, and commence their practice/first jump prior to the commencement of the next scheduled event.

If a competitor has a clash of events, they are to be permitted to take their three attempts in a row if desired, before departing to the next event.

In the High Jump, if the athlete is not present when called to jump, they will be considered to have 'passed' at that height.
